## The Commerce Guild Total Business Suite Benefits Summary

The Commerce Guild and our check cashing program gives customers a revenue center with no exposure in the check cash industry with the ease and convenience of our check cashing kiosk depositing funds directly onto our exclusive The Commerce Guild MasterCard.

### For the Merchant:

Our check cashing program giving them a revenue center with no exposure in the check cash industry with the ease and convenience of our check cashing kiosk depositing funds directly onto our exclusive The Commerce Guild MasterCard.

The discount frequent buyer's program brings them new customers. They save money with our credit card processing rates which are the lowest in the nation "guaranteed".

Our barter program gives them the ability to use their wholesale cost of acquisition, selling at retail, thus their profit margin becomes their discounts through our digital currency global marketplace.

**All this is processed through our Point of Sales Terminal stations.**

We have the developed and proven proprietary program to allow businesses to request a cash conversion of the earned trade dollars into US dollars if they are unable to find the needed products or services within the marketplace.

### For the Consumer:

We give them the ability to cash their payroll checks giving them a safer and more convenient method of managing their money and giving the card holder IMMEDIATE access to their funds from their payroll and/or cash deposits.

It also gives them ability to have a companion ATM card outside of the US for the fastest way to provide access to money earned here and accessible worldwide through any participating ATM.

Also, they have the ability to save money using the discount frequent buyer program and also to participate in finding new sales opportunities (additional income) using the barter network instead of selling for pennies on the dollar at some auction site.

Finally, an automatic discount each time they purchase from one of our merchants, earning and using on demand frequent buyer dollars for additional deeper discount.
