TCG collects fees on ALL buy, sell and transfer transactions. And we provide those capabilities for less than anyone else.
Plus we receive annual and monthly membership/program fees.

TCG collects fees from all payroll checks cashed and deposits made through this unique service. Additionally, it creates a revenue center for our merchants without any additional exposure or risk.

TCG collects fees on Money/Value Transfers between all of our Cards from any internet access, including international transfers, ie USA to Mexico, Canada, Europe...

\$15.7+ Billion Dollars transferred from USA to Mexico alone in 2004.

A New Sticker in the Window - Fractional Access Marketing

Just like MasterCard & Visa were, we are the next new sticker in every merchants window. A new Business "must have". Finally, with our unique marketing programs, when we market The Commerce Guild Program, we market our member businesses and turn a large traditional expense into a profitable revenue center.
